Letter No. 6325 dated 6th November 1902 from the Chief Engineer in Mysore requesting that Rs 5,000 may be placed under him for expenditure on Mysore City Improvement operations.

Note

The Secretary D.P.W., submitted a memo to the Dewan requesting sanction for the entertainment of a few clerks at a cost of Rs 350 per annum in connection with the account of Mysore City Improvement and wanted Rs 5,000 to be placed at his disposal for this purpose.

The Dewan ordered that if it ⁸⁴⁶ ~~was~~ be debited to 26 B "Expenditure Sanitary Department - Expenditure against San Grant" for which there was a provision of Rs 12,000 in the Budget, the Comptroller may be asked to state what amount was available.

The Comptroller was accordingly

asked by the Secretary D.P.W. and
he replied that there was no
provision in the Civil Budget for
the current year for Mysore City Im-
provement operations, & that the
Financial Dept. ~~may~~ be moved
for necessary sanction.

The Chief Engineer now requests
that ~~the~~ amount may be sanctioned
from the General Savings on the Civil

1. Read report of the Sub Committee
appointed by the Mysore City
Improvement Committee and Mr.
Venkatasubrahmaniah's minute of
dissent. Resolved that the Sub
Committee's report be approved
and forwarded to the Government
with a strong representation that
to carry out the definite proposals
of the Committee, ^{the} early sanction
of funds as already applied for
is necessary and that until the
funds are sanctioned, the operations
of the Committee will be at a
stand still. As regards the Entrust.
Committee's proposal to remove
the Palace servants and Palace
Barr from the congested parts
of the city and house them in
the Chakraborty extension, the
Government will be moved to
take early steps to give effect
to the proposal, which for the
co-gent reasons given by the
Sub Committee in their report
is a measure of the first im-
portance. In regard to

Mr.

Mr. Venkatarishnuiah's minute¹⁴,
the Committee observes that it
is not in reality a note of
dissent, but simply embodies
proposals which are more within
the province of the Municipality
to consider and decide upon.
A copy of his note will therefore
be forwarded to the President,
Mysore City Municipality.

II Perused the type plans of
the houses prepared by Mr. D'Arcy
and the resolution of the Sub
Committee specifying the unit
for each house site for the
poor. Resolved that Mr. Ragha-
Valu Naidu and Mr. D'Arcy be
asked to revise the type plans
and to limit the cost of the
houses for the poor to a minimum
of Rupees 125 and a maximum
of Rupees 200. For the better class
of houses Rupees 450 may be
taken as a maximum. The unit
for each house site recommended
by the Sub Committee will also

67
be reconsidered.

III Resolved that the President of the Municipality be requested to take early steps to frame a comprehensive set of Byelaws to regulate buildings and their Sanitation.

IV Read Municipal President's letter No 3, dated 22nd November 1902 to the Secretary to the Sanitary Improvements Committee forwarding for consideration Father G.
